Dauson ENVIRONMENTAL GROUP

# Statement of Environmental Policy

1) The organisation is committed to minimising its effect on the environment and understands that it must be proactive with environmental issues. We support the Welsh Government commitment of “Net Zero Wales” by 2050 and make the same commitment to aim and reduce our impact on the environment become Net Zero ourselves in this time.
2) As part of its internal management systems, the company holds an Environmental Business Objectives Monitor and Environmental Aspects Reduction plan. These documents will be regularly reviewed and updated to monitor our emissions and guid us towards the goal of Net Zero.
3) The company will fulfil this policy further through the following actions:
    - Compliance with the requirements of environmental legislation and approved codes of practice.
    - Assess the environmental impact of all historic, current and likely future operations.
    - Continuously seek to improve environmental performance.
    - Strive to prevent pollution, emissions and waste.
    - Minimise the use of all raw materials, energy and supplies.
    - Raise awareness, encourage participation and train employees in environmental matters.
    - Expect similar environmental standards from all suppliers and contractors.
    - Assist customers to use our services in an environmentally-sensitive way.
    - Participate in discussions about environmental issues with decision makers, stakeholders and the local community.
4) In addition to the above points the Company will ensure that it keeps to the forefront of environmental awareness and will endeavour to only use natural or at the very least, bio-degradable/sustainable materials.
5) This Environmental Policy is appropriate to the purpose and context of the organisation, including the nature, scale and environmental impacts of its activities, products, and services.
